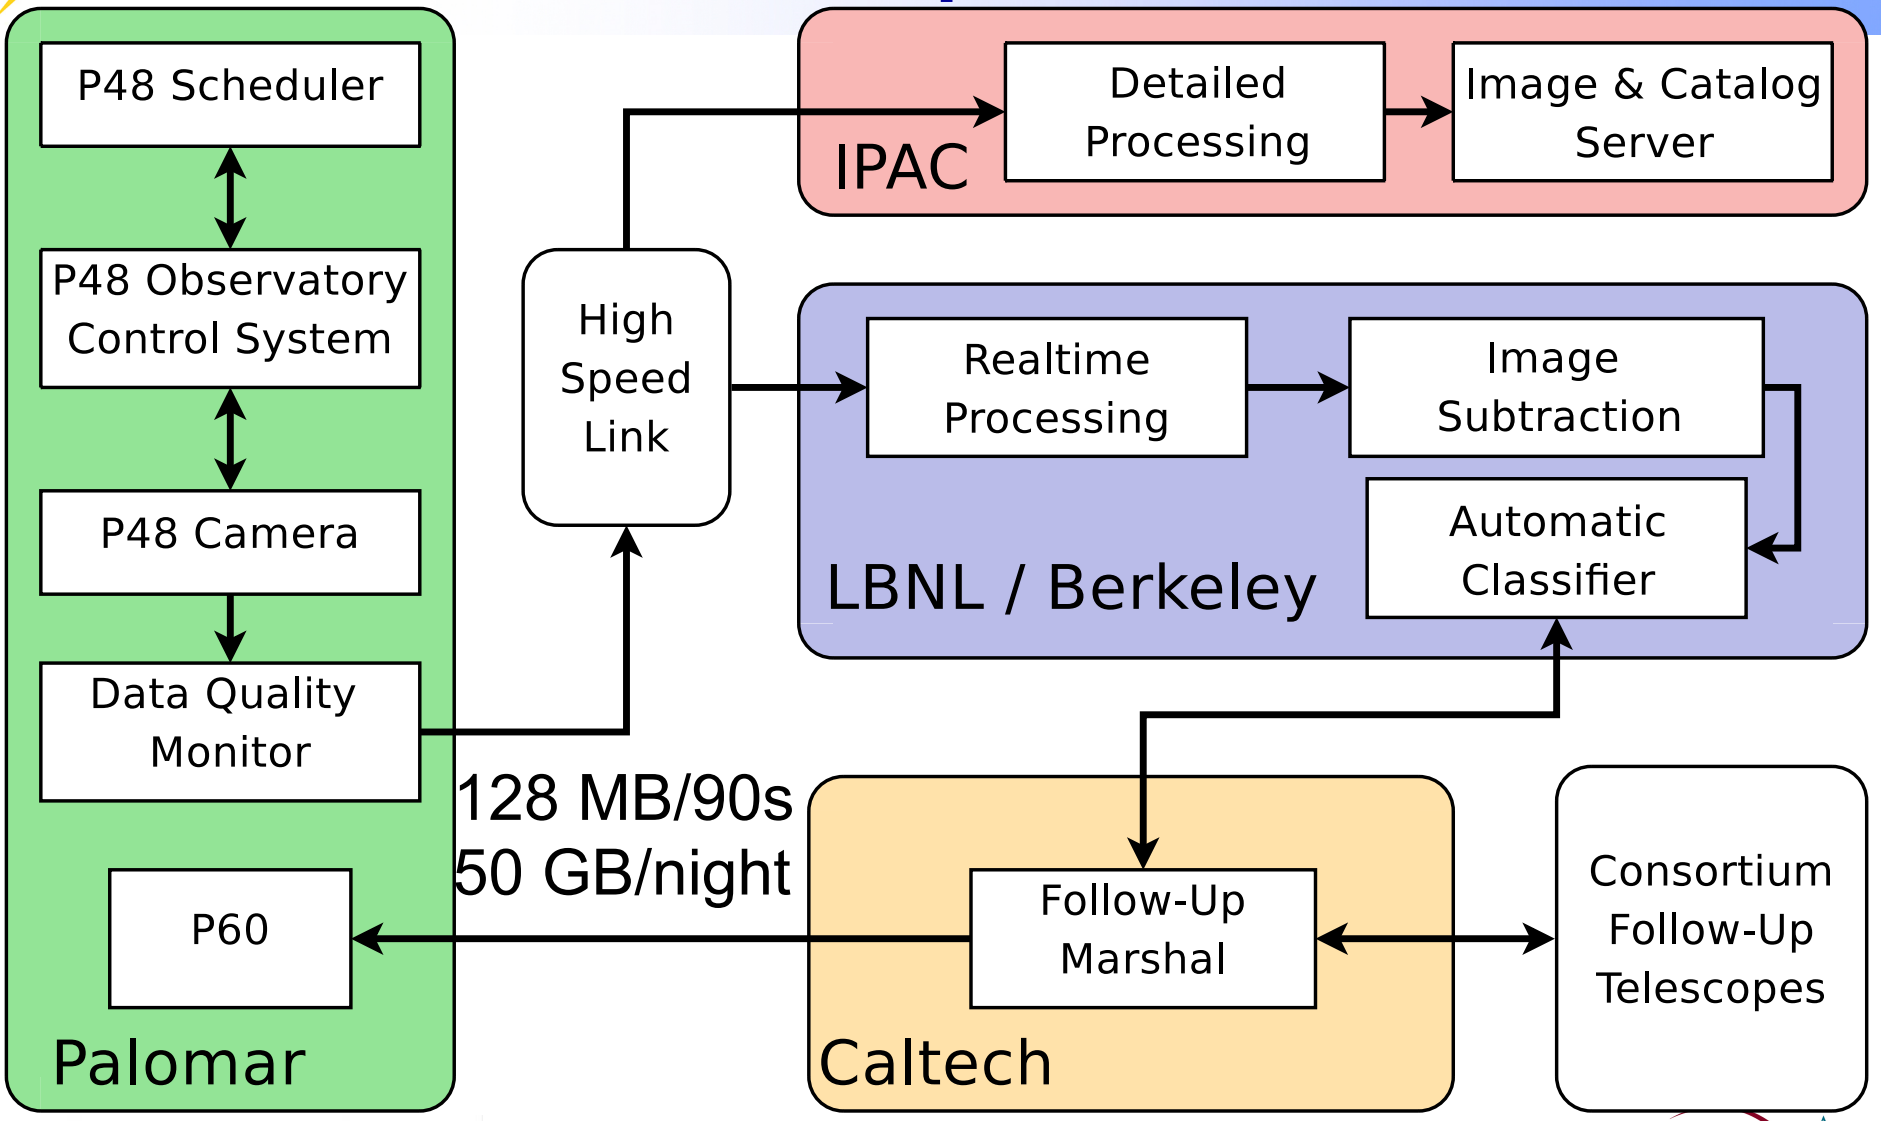
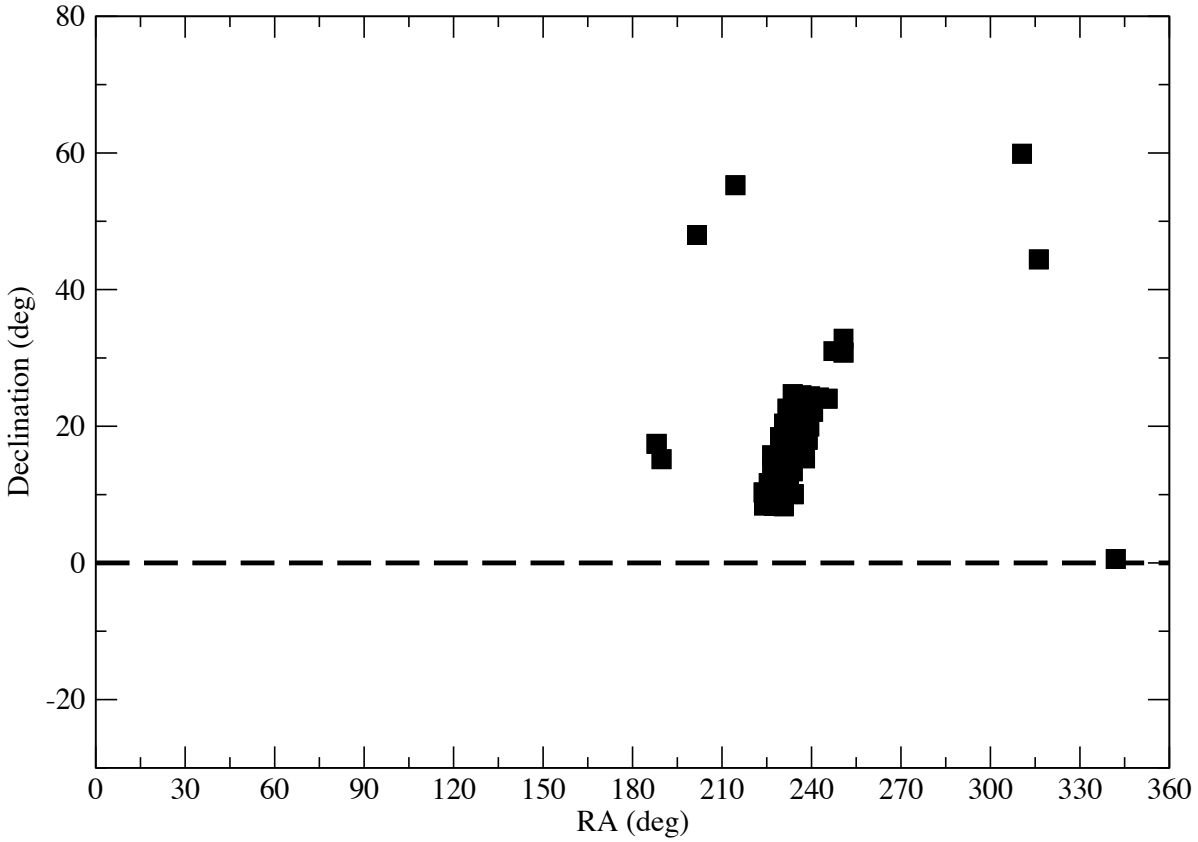
PTF Pipeline



NERSC
NATIONAL ENERGY RESEARCH SCIENTIFIC COMPUTING CENTER
U.S. DEPARTMENT OF ENERGY | Office of Science
BERKELEY LAB

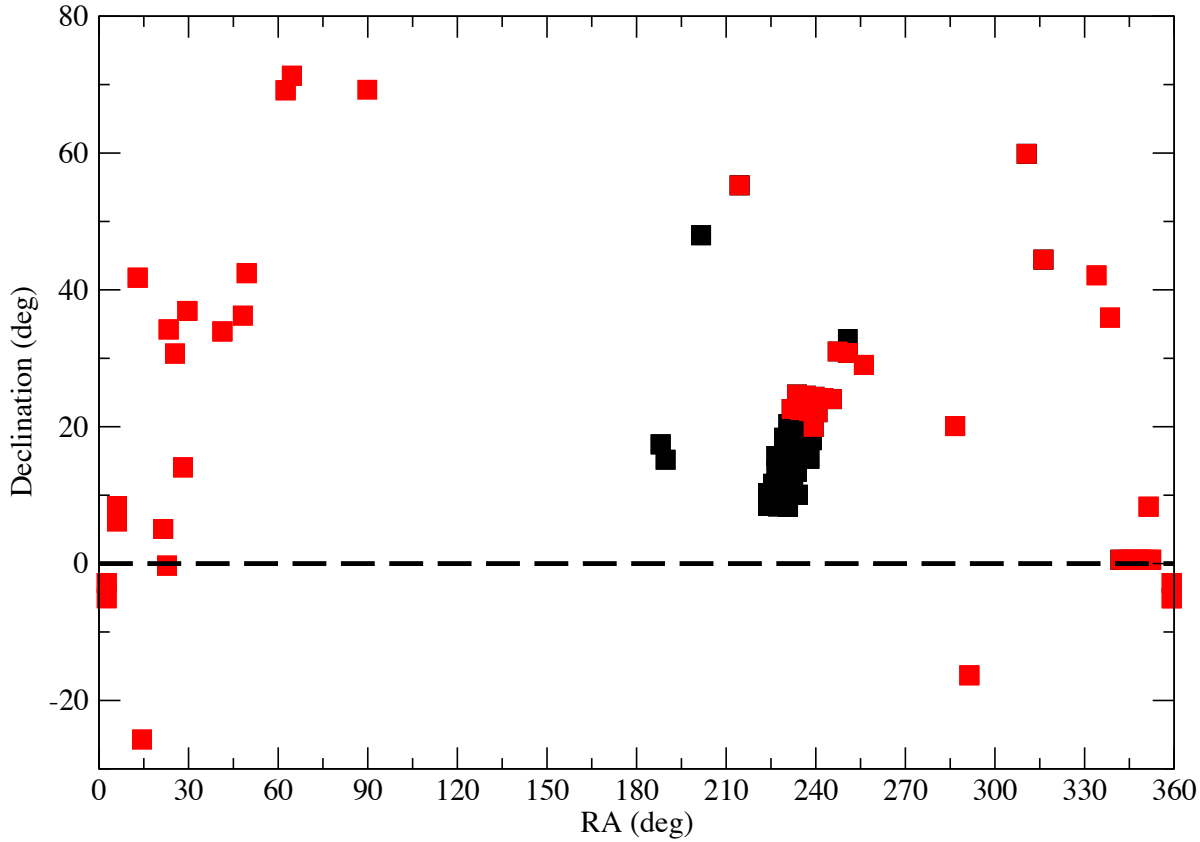
PTF Coverage on 2012-07-16

First half of night

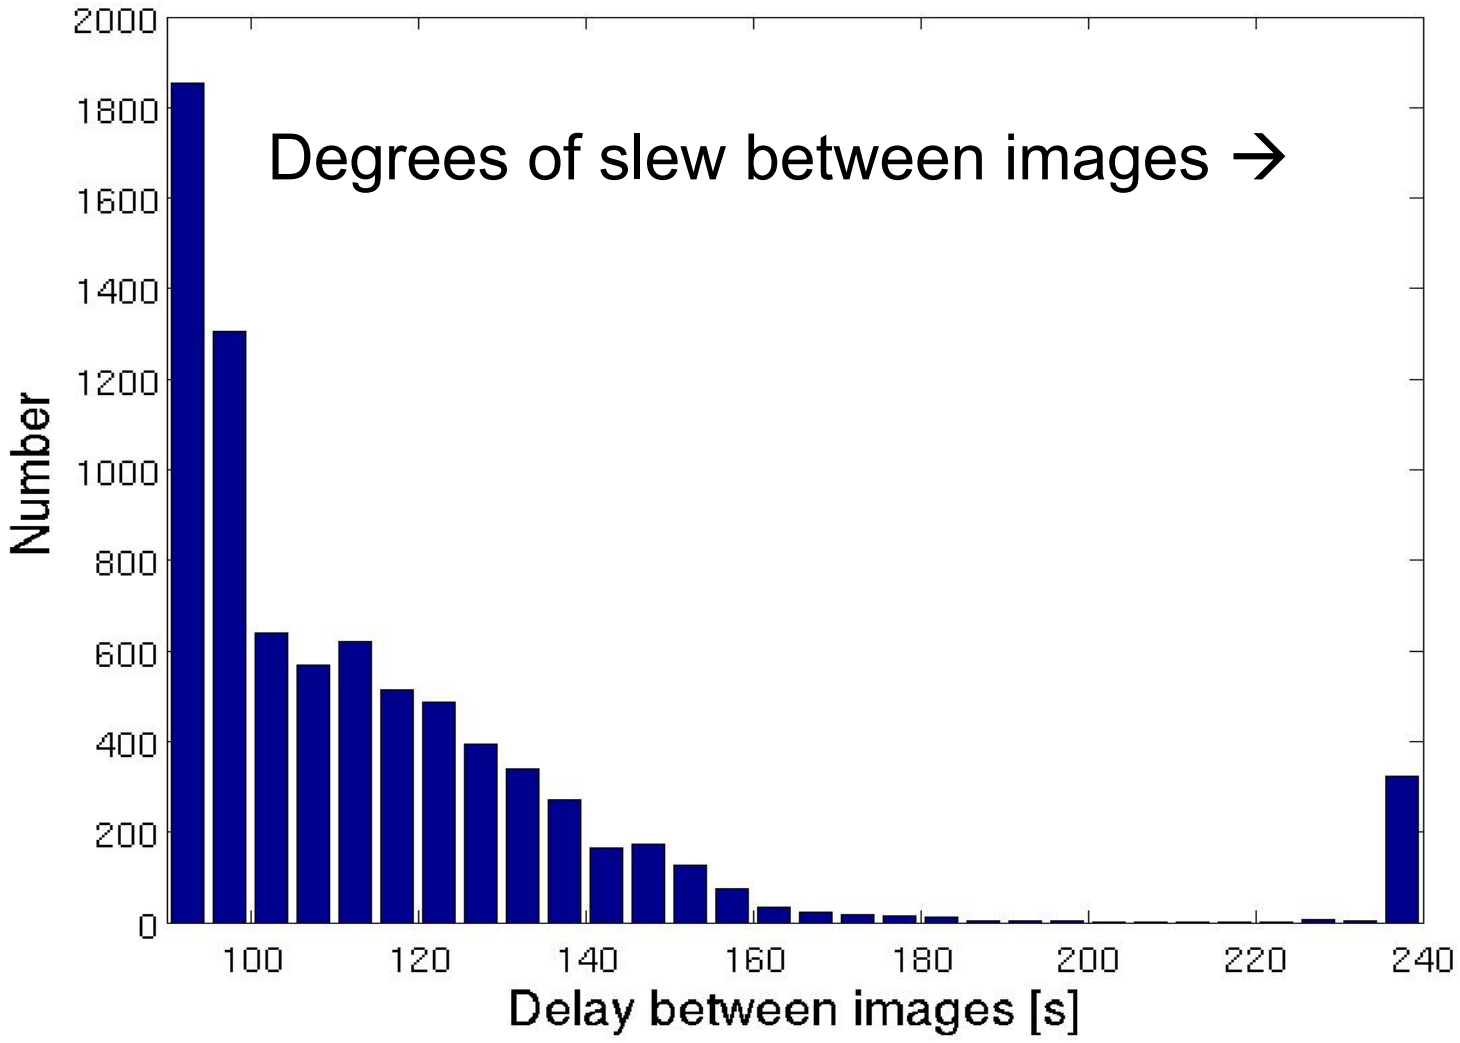


PTF Coverage on 2012-07-16

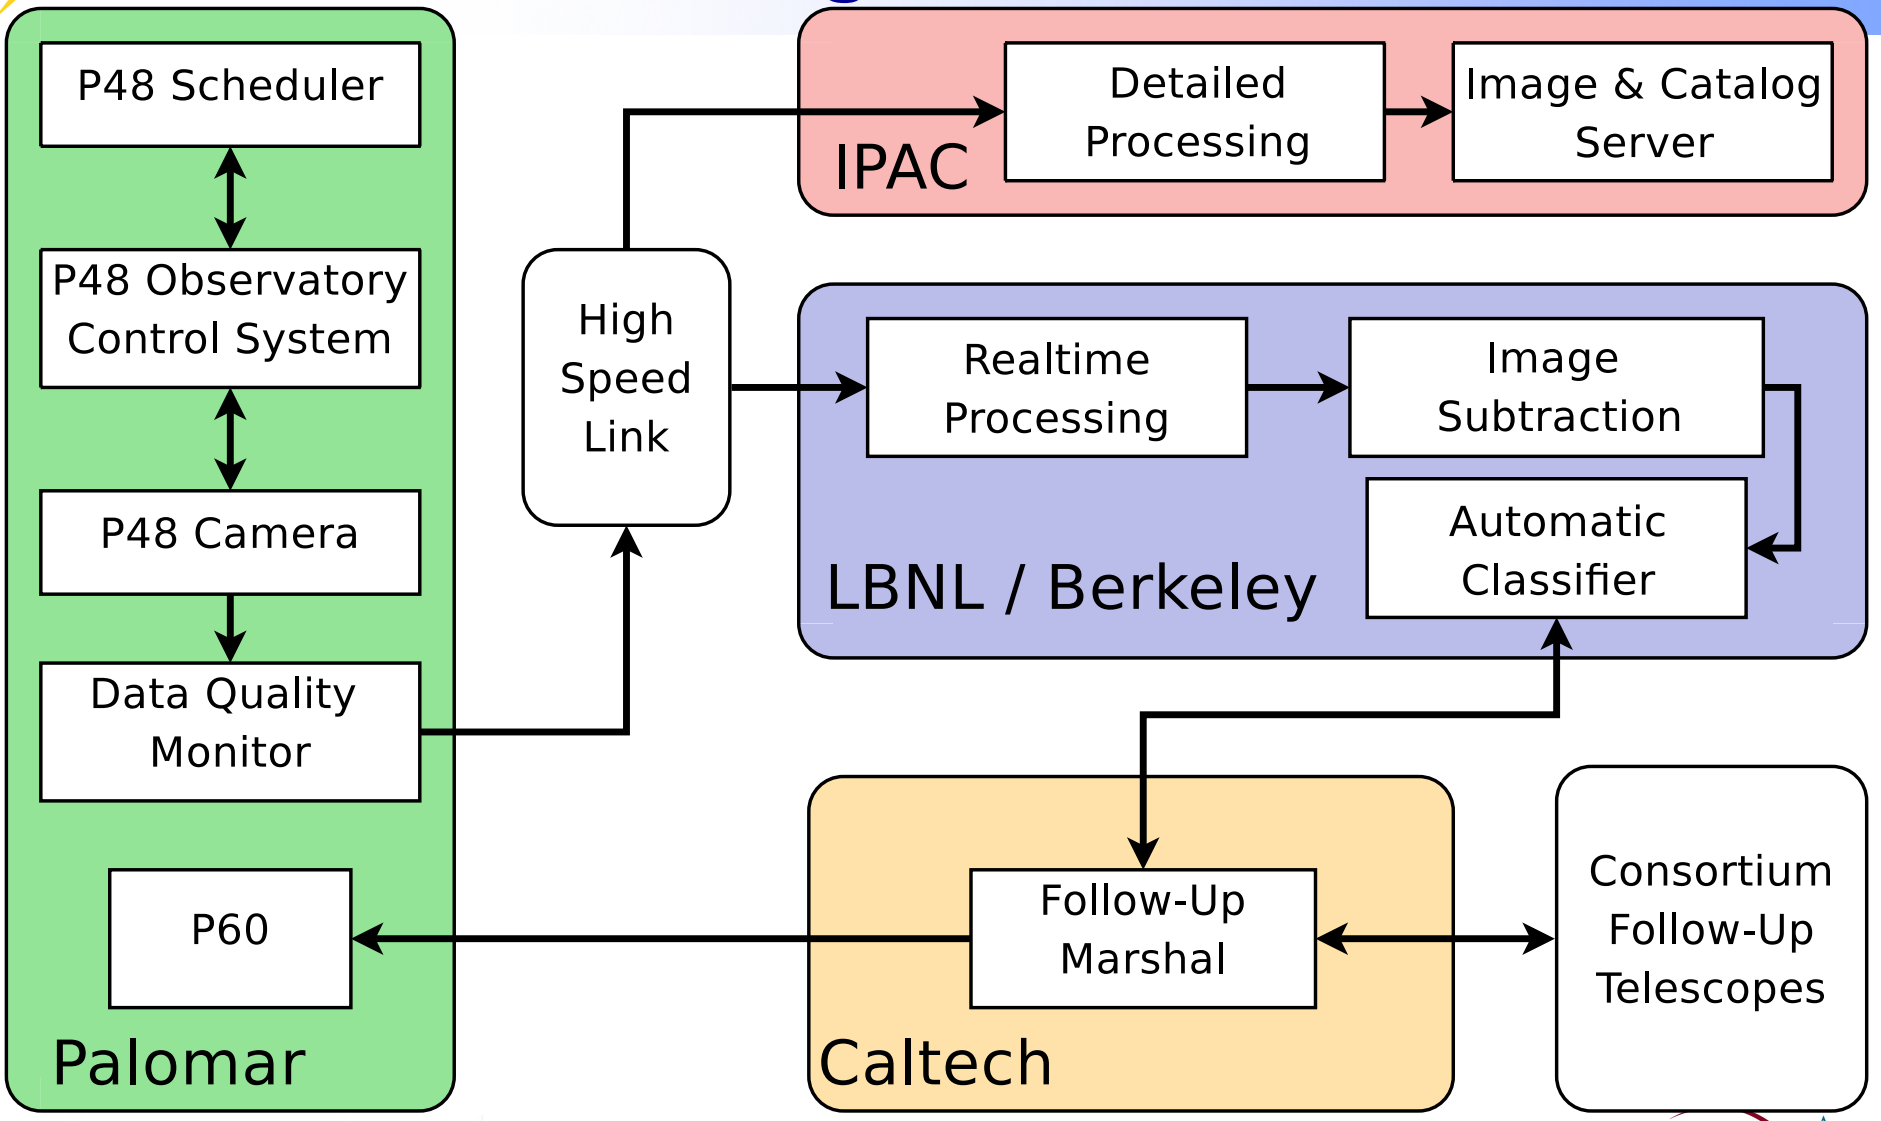
Second half of night



Delay time (Slew)



PTF Coverage on 2012-07-16



Points to Ponder

- Define the boundaries of the pipeline (who passes what to what).
- Have scientists invested in / working on pipeline.
  - CS folks work 9-5 and are not motivated the same way
- Continually re-write your code when you see the opportunity for improvement/optimization.
- Keep the lines of communication open at all times!
